GOV. COLQUITT TO KEEP BORDER GUARD

Notified War Department would Keep Them Until Regulars Came to Take Their Places.

Austin, Tex., April 28.—Governor Colquitt yesterday announced that he had no intention of withdrawing the

troops of the Texas National guard from Brownsville, and they will be kept there as long as it is deemed necessary. Governor Colquitt said: "I certainly have no intention of withdrawing the companies of the Texas National guard sent to Brownsville. The opinion seems to have been formed that because of the lack of funds for the direct maintenance of the guard that it would be necessary to return them at once. As long as they are needed to protect the people and property of the State they will be retained at Brownsville."

NO TREATY WITH ROCKEFELLER JR.

Conference With Congressman Foster and Others Was Without Any Tangible Results.

[By Associated Press]

New York, April 28.—John D. Rockefeller Jr. told Congressman Foster, chairman of the House Committee on Mines and Mining, yesterday that he (Mr. Rockefeller) was in no position to arbitrate the labor troubles in the Colorado coal fields.

John D. Rockefeller Jr., his personal attorney, Starr J. Murphy, and Congressman Martin D. Foster, chairman of the House Committee on Mines and Mining, were closeted in Mr. Rockefeller's private office discussing President Wilson's personal appeal to Mr. Rockefeller to bring about a settlement of the Colorado coal strike.

After the conference had been in progress more than an hour it was announced that a statement defining Mr. Rockefeller's attitude would be issued later. It was said for Mr. Rockefeller that he intended to go into the matter thoroughly and make himself familiar with all phases of the trouble in the Colorado coal mine disaster which has cost many lives.

"We made no progress," said Mr. Foster later. "Nothing has been accomplished here. I see no hope that anything may be accomplished here in the immediate future. I do not expect to see Mr. Rockefeller again and I shall return to Washington."

Those who waited for a statement from Mr. Rockefeller were disappointed. His secretary finally came out and said that no statement would be issued at this time.
